Please Note

The State Library of Massachusetts is the official depository for Massachusetts state agency publications. This checklist provides a listing of those publications received at the library during the 1993 calendar year.

Newsletters and serials with a frequency greater than quarterly are not included in this list but are listed separately after the index for informational purposes and are available through interlibrary loan.

Document Access

The State Library maintains a system of state document depository libraries in order to provide access to state agency publications. The following libraries serve as document depositories: The Boston Public Library, Springfield City Library, Worcester Public Library, and the Library at the University of Massachusetts at Amherst. Documents listed in this checklist may be viewed at these libraries as well as at the State Library. Assistance may be obtained from the following staff members at the depository libraries: V. Lloyd Jameson, Boston Public; Ed Lonergan, Springfield City; Leonard Lucas, Worcester Public and William Thompson, UMASS/Amherst. In addition to the state depositories, the documents are also sent to the Library of Congress.

Each document listed herein is microfilmed. The number at the end of each entry is the film access number. The State Library holds a microfilm subscription to the CHECKLIST, as do many other libraries. For more information regarding this commercial microfilm subscription service, contact Research Publications, Inc., 12 Lunar Drive, Woodbridge, CT 06525. (202) 397-2600.

Three asterisks (***) have been placed at the beginning of those entries which were not filmed in their entirety because of copyright problems.

There is a keyword index at the end of this checklist for all documents listed herein except for the reports of the Department of the State Auditor. Index references are to the page number of this publication.

Please note that the Auditor instituted a new identification system during 1990. The reports are now being labelled by the type of audit being done. The code is as follows:

A-128	=	Single Audit of State and Federal Funds
C-647	=	MGL Chapter 647 Internal Control Review
CL	=	Closeout Letter
EDP	=	Electronic Data Processing
FG	=	Federal Grant
FR	=	Financial Related
FS	=	Financial Statement
FU	=	Follow-Up
I	=	Investigative
IPA	=	Review of Independent Report/Workpapers
P	=	Performance
SP	=	Special Project

Interlibrary loan service is available for state publications. Contact the State Library at (617) 727-2590 or write us at 341 State House, Boston, MA 02133. You may also contact the nearest depository library for details. Each state publication is fully cataloged and entered into the OCLC database. Publications are listed here under the agency name as it appears in OCLC and in the State Library's card catalog.

Document Ordering Information

The State Library and the document depositories cannot provide readers with personal copies of state agency publications. Those persons who require personal copies of the documents listed here must contact the agencies directly. The full address of each agency is supplied here for this purpose.

Some publications are available through the State Bookstore. An effort has been made to indicate here those items available only from the Bookstore. These documents have been identified in their checklist entries. Regulations, subscriptions to the Massachusetts Register, and recently enacted laws are also available at the Bookstore. Contact them for mailing charges and availability. The State Bookstore, Room 116, State House, Boston, MA 02133 (617) 727-2834.

Those items marked House or Senate Document for the current year only may be obtained from the Legislative Document Room, Room 428, State House, Boston, MA 02133 (617) 727-2860.

Please Note

The State Library of Massachusetts is the official depository for Massachusetts state agency publications. This checklist provides a listing of those publications received at the library during the 1994 calendar year.

Newsletters and serials with a frequency greater than quarterly are not included in this list but are listed separately after the index for informational purposes and are available through interlibrary loan.

Document Access

The State Library maintains a system of state document depository libraries in order to provide access to state agency publications. The following libraries serve as document depositories: The Boston Public Library, Springfield City Library, Worcester Public Library, and the Library at the University of Massachusetts at Amherst. Documents listed in this checklist may be viewed at these libraries as well as at the State Library. Assistance may be obtained from the following staff members at the depository libraries: V. Lloyd Jameson, Boston Public; Peter Anderegg, Springfield City; Nancy Gaudette, Worcester Public and William Thompson, UMASS/Amherst. In addition to the state depositories, the documents are also sent to the Library of Congress.

Each document listed herein is microfilmed. The number at the end of each entry is the film access number. The State Library holds a microfilm subscription to the CHECKLIST, as do many other libraries. For more information regarding this commercial microfilm subscription service, contact Research Publications, Inc., 12 Lunar Drive, Woodbridge, CT 06525. (203) 397-2600.

Three asterisks (***) have been placed at the beginning of those entries which were not filmed in their entirety because of copyright problems.

There is a keyword index at the end of this checklist for all documents listed herein except for the reports of the Department of the State Auditor. Index references are to the page number of this publication.

Please note that the Auditor instituted a new identification system during 1990. The reports are now being labelled by the type of audit being done. The code is as follows:

A-128	=	Single Audit of State and Federal Funds
C-647	=	MGL Chapter 647 Internal Control Review
CL	=	Closeout Letter
EDP	=	Electronic Data Processing
FG	=	Federal Grant
FR	=	Financial Related
FS	=	Financial Statement
FU	=	Follow-Up
I	=	Investigative
IPA	=	Review of Independent Report/Workpapers
P	=	Performance
SP	=	Special Project

Interlibrary loan service is available for state publications. Contact the State Library at (617) 727-2590 or write us at 341 State House, Boston, MA 02133. You may also contact the nearest depository library for details. Each state publication is fully cataloged and entered into the OCLC database. Publications are listed here under the agency name as it appears in OCLC and in the State Library's card catalog.

Document Ordering Information

The State Library and the document depositories cannot provide readers with personal copies of state agency publications. Those persons who require personal copies of the documents listed here must contact the agencies directly. The full address of each agency is supplied here for this purpose.

Some publications are available through the State Bookstore. An effort has been made to indicate here those items available only from the Bookstore. These documents have been identified in their checklist entries. Regulations, subscriptions to the Massachusetts Register, and recently enacted laws are also available at the Bookstore. Contact them for mailing charges and availability. The State Bookstore, Room 116, State House, Boston, MA 02133 (617) 727-2834.

Those items marked House or Senate Document for the current year only may be obtained from the Legislative Document Room, Room 428, State House, Boston, MA 02133 (617) 727-2860.

Publications of the State Library

The quarterly CHECKLIST and the annual Massachusetts State Publications, beginning with the 1989 annual, will be printed and distributed on a fee basis through the State Bookstore, Room 116, State House, Boston, MA 02133 (617) 727-2834.

Please Note

The State Library of Massachusetts is the official depository for Massachusetts state agency publications. This checklist provides a listing of those publications received at the library during the 1995 calendar year.

Newsletters and serials with a frequency greater than quarterly are not included in this list but are listed separately after the index for informational purposes and are available through interlibrary loan.

Document Access

The State Library maintains a system of state document depository libraries in order to provide access to state agency publications. The following libraries serve as document depositories: The Boston Public Library, Springfield City Library, Worcester Public Library, and the Library at the University of Massachusetts at Amherst. Documents listed in this checklist may be viewed at these libraries as well as at the State Library. Assistance may be obtained from the following staff members at the depository libraries: Gail Fithian, Boston Public; Edmond Lonergan, Springfield City; Nancy Gaudette, Worcester Public and William Thompson, UMASS/Amherst. In addition to the state depositories, the documents are also sent to the Library of Congress. The State Library's catalog, ca. 1974 to present, can be accessed via the Internet. Telnet to site.cwmars.mass.edu and access file #116.

Each document listed herein is microfilmed. The number at the end of each entry is the film access number. The State Library holds a microfilm subscription to the CHECKLIST, as do many other libraries. For more information regarding this commercial microfilm subscription service, contact Primary Source Media, 12 Lunar Drive, Woodbridge, CT 06525. (203) 397-2600.

Three asterisks (***) have been placed at the beginning of those entries which were not filmed in their entirety because of copyright problems.

There is a keyword index at the end of this checklist for all documents listed herein except for the reports of the Department of the State Auditor. Index references are to the page number of this publication.

Please note that the Auditor instituted a new identification system during 1990. The reports are now being labelled by the type of audit being done. The code is as follows:

A-128	=	Single Audit of State and Federal Funds
AS	=	Audit Survey
C-647	=	MGL Chapter 647 Internal Control Review
CL	=	Closeout Letter
EDP	=	Electronic Data Processing
FG	=	Federal Grant
FR	=	Financial Related
FS	=	Financial Statement
FU	=	Follow-Up
I	=	Investigative
IPA	=	Review of Independent Report/Workpapers
P	=	Performance
PR	=	Privatization
SP	=	Special Project

Interlibrary loan service is available for state publications. Contact the State Library at (617) 727-2590 or write us at 341 State House, Boston, MA 02133. You may also contact the nearest depository library for details. Each state publication is fully cataloged and entered into the OCLC database. Publications are listed here under the agency name as it appears in OCLC and in the State Library's card catalog.

Document Ordering Information

The State Library and the document depositories cannot provide readers with personal copies of state agency publications. Those persons who require personal copies of the documents listed here must contact the agencies directly. The full address of each agency is supplied here for this purpose.

Some publications are available through the State Bookstore. An effort has been made to indicate here those items available only from the Bookstore. These documents have been identified in their checklist entries. Regulations, subscriptions to the Massachusetts Register, and recently enacted laws are also available at the Bookstore. Contact them for mailing charges and availability. The State Bookstore, Room 116, State House, Boston, MA 02133 (617) 727-2834.

Those items marked House or Senate Document for the current year only may be obtained from the Legislative Document Room, Room 428, State House, Boston, MA 02133 (617) 727-2860.

Publications of the State Library

The quarterly CHECKLIST and the annual Massachusetts State Publications, beginning with the 1989 annual, will be printed and distributed on a fee basis through the State Bookstore, Room 116, State House, Boston, MA 02133 (617) 727-2834.
